STAINLESS PIPES & TUBES

Stronger, Smarter, Stainless

www.Golchhapipe.com

About Us

The world we occupy is changing. Driven by an insatiable appetite for high quality steel, innovation led growth, change, and challenges have become our way of doing business. With the traditional boundaries of what is possible forced aside by the exacting demands of future, our role as one of the leading quality steelmakers in the region is now more critical than ever, and we are aggressively expanding to fortify that position and rise to the occasion.

Steel City Techno Works Pvt Ltd is a group company of well-known **GOLCHHA GROUP** in Jamshedpur, Jharkhand with strong marketing and financial capability. The group enjoys high reputation of quality and services with more than five decades of experience. The manufacturing unit of GOLCHHA Stainless Steel Pipes and Tubes is located in Adityapur Industrial Area, Jamshedpur equipped with state of the art technology & latest machinery.

Why Choose **GOLCHHA STAINLESS STEEL**

CORROSION RESISTANT

All stainless steels have a high resistance to corrosion. Low alloyed grades resist corrosion in atmospheric conditions, high alloyed grades can resist corrosion in most acids, alkaline solutions etc.

PROMISE OF RIGHT GRADE

Stainless Steel is one of the most hygienic materials and does not support the growth of bacteria and other pathogens. High production capacity with excellent accuracy in Weight/ Length/ Dimensions.

SUPERIOR FINISH

Stainless Steel is sleek with both classic and modern touches. The metal is not just beautiful, but highly functional too. Supply of best quality raw material from Jindal Stainless ensures trust and quality in the minds of customers.

VARIED SHAPE & DIMENSIONS

Stainless Steel is highly machinable and workable permitting a designer to create complex shapes and products. Complete size range availability with sufficient stock ensures on time delivery even in small quantity.

ON TIME DELIVERY

Your Satisfaction, Our Priority : Delivered on Schedule.

Product Range

Our products include Stainless Steel Pipes, Stainless Steel Tubes, Balusters, SS Sheet (N4+Pvc), SS Sheet (Mirror Finish), Laser Cutting Design Sheets.

Shape- Round , Square, Rectangle, Slotted

Application

Stainless Steel Pipes are extensively used in architecture, decoration (fencing railing, balustrades, anti-theft doors, windows, gate fittings, staircases) furniture fitting, sanitary wares fittings, kitchen ware fittings, mechanical fitting, tripod camera, etc.

Advantages of using **GOLCHHA STAINLESS PIPES**

- **RAW MATERIAL** - Premium Quality Raw Material from JINDAL
- **LONG LASTING** - Highly resistant to corrosion, rust and provides durability and strength.
- **FINISH** - Available in Matt & Mirror Finish.
- **STOCK** - Wide range of sizes and availability of stock.
- **PACKAGING** - Exclusive packaging for smooth handling process and delivery.
- **SUSTAINABLE & RECYCLABLE** - Stainless steel is 100% recyclable and sustainable for various applications.
- **NON TOXIC** - Stainless Steel Pipes do not react with chemicals or substances.

Quality Assurance

We assure to deliver superior finish quality products with consistency at an economical price. Our product manufactured goes through various test procedures at every stage right from the material selection to slitting, pipe making, polishing, end product testing, packaging and warehousing. Timely reviewing and monitoring the production process at each stage is strictly adhered in order to deliver the product with utmost quality

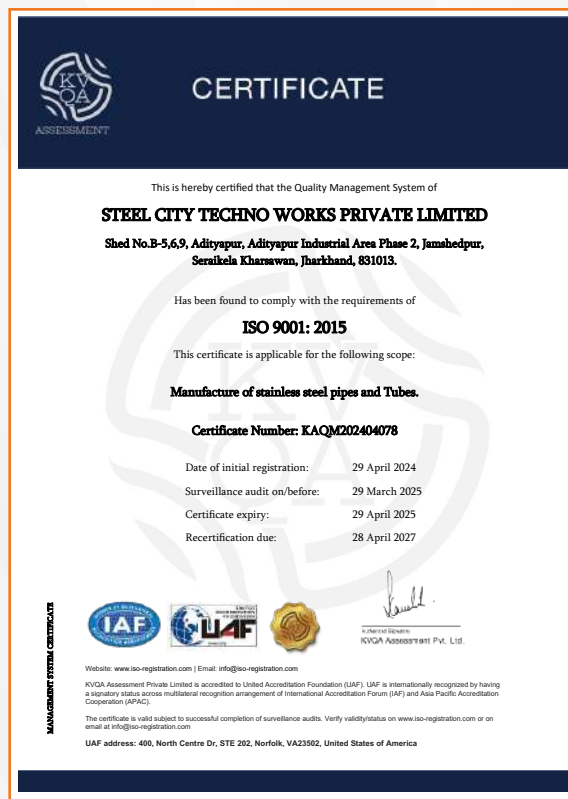

Barcoding of each product

- Helps in identification of Grade, Thickness, Size, etc.
- Serves as a source of truth for any cross verification.
- Incentives, in-kind passed on to our esteemed dealers and the end users of the product
- Even the end customer can trace the origin and batch number incase of complaints, if any
